FIVE GENERATIONS. 100+ YEARS OF CRAFT.

Tempesta is the culmination of five generations of family artisans — the Fiasches — working together to continue the rich Calabrian legacy of making unapologetically authentic and inspired salumi.

We invite you to taste our family's tradition.

President's Note

Greetings,

2025 has been a dramatic year for the Importing community. The tariffs have brought dynamic and far-reaching changes to the industry. A realignment will occur. Changes in the products being offered, inventory on hand and profit margins will be noticeable.

The consumers of our specialty foods will look for value, and it will be critical for the specialty food industry to deliver a quality product.

We look to expand Made in the USA specialty products.

To our Foodservice and Retail customers, we will continue to work hard to earn your business. Offering quality service and value will be our continued focus.

At Lettieri, we are blessed to work in an industry that helps feed our local, regional and national communities. We are passionate in finding the special items showcased in our catalog for your communities.

Thank you for your business, and we wish you health and success in the coming year.

A stylized, handwritten signature in black ink, appearing to read 'F. Lettieri'.

Warmest Regards,
Francesco Lettieri, President & Founder

The Founder

Francesco Lettieri has a passion for food. Born in Calabria and raised in Chicago, Francesco was surrounded by homemade Italian food growing up, and always had the dream of entering the gourmet food business. He moved to San Francisco in 1973 and opened a small sandwich shop, called Mr. Submarine in the Marina neighborhood. Mr. Submarine was a success and the business quickly grew to 7 locations. In 1986 he sold the chain, and in 1988 officially opened Lettieri & Co. Francesco's dream of importing finely crafted food and wine from Italy and around the world had been realized. Throughout the years, the company has grown in size and now carries over 75 lines of imported goods. His passion for food has not faded a bit. Francesco still travels the world, finding hidden culinary gems to bring to your retail store and food-service business.

The Future

Along the way, Francesco and his wife Nevenka had two sons, Antonio and Dino. Both sons have been learning the food importing and distribution business from an early age and are excited to continue to grow the family business. Dino's outgoing personality made him a natural fit for sales, and he is now the Director of Sales and Marketing at Lettieri & Co. Tony's knack for finding new and exciting products along with his broad based knowledge of the operations of the company lends itself perfectly to his position as Chief Operating Officer. With a solid base of well-established contacts around the world, and a new generation of Lettieri's poised to grow the business, the future looks bright for Lettieri & Co!

**MADE BY CRAFTSMEN
USING
ROUGH-EDGED BRONZE DIES...**

**...AND DRIED
AT LOW TEMPERATURES.**

The Cav. Giuseppe Cocco Artisanal Pasta Factory is in Fara San Martino, a village located on the slopes of the Maiella mountains in Abruzzo and better known as the "Pasta Capital".

The pasta factory has its roots in a longstanding **family tradition** in the pasta production and still today uses exclusively **ancient machinery** for production. The Cav. Giuseppe Cocco taught his children and grandchildren that in order to make an outstanding pasta you need four ingredients: extraordinary quality wheat, water from the springs of the Verde River, the air of Fara San Martino and the Ancient Processing, the one made with the original and precious machinery of the past.

Even today, in the Cav. Giuseppe Cocco Artisanal Pasta Factory, pasta is produced in small quantities, slowly kneading the coarse-grained semolina with cold spring water in the ancient mixers, using only **rough bronze dies**. Thanks to the **static drying at low temperature** for a long time, all the nutritional qualities remain intact, together with the genuine taste of the old times.

The pasta factory produces more than 100 pasta shapes of different types and ingredients: in addition to semolina pasta and egg pasta, it produces durum wheat semolina pasta with bran, stone-milled organic whole wheat pasta from Senatore Cappelli heritage wheat and spelt, saffron pasta and organic semolina pasta. The pasta is prized all over the world for its flavour, toughness and excellent cooking properties.

CAMERINO EGG PASTA

Made with the simplest and most genuine ingredients: 33% class A fresh eggs and first extraction semolina. The mixture is then extruded through brass dies, an essential process for obtaining a rich and porous pasta.
